GT'S ENLIGHTENED FAQ

WHAT IS DIFFERENT ABOUT THIS PRODUCT VERSUS THE ORIGINAL VERSION?

GT's Enlightened Synergy Kombucha products are a new interpretation of our original formula. They have a lighter and smoother taste with the same high nutritional value that you expect from us. In addition they have a significantly shorter shelf life.

IS THE "ENLIGHTENED" STILL RAW?

Yes, like always we bottle everything straight from the batch without any pasteurization, filtration, or dilution. Because of this, the product will need to be kept refrigerated at all times.

WHAT ABOUT THE CONCERNS OF SLIGHTLY ELEVATED LEVELS OF ALCOHOL?

We addressed these concerns by modifying the probiotic ratio of the Kombucha. Without compromising the product's potency, we were able to reduce the opportunity for alcohol to increase during the product's shelf life.

WHAT FLAVORS WILL BE AVAILABLE FOR THE "ENLIGHTENED"?

At this point we are launching the "Enlightened" with 11 of our 17 flavors. They are Original, Gingerade, Multi-Green, Cranberry, Trilogy, Gingerberry, Guava, Mango, Botanic No 3, Botanic No 7, and Botanic No 9.

WILL YOU NO LONGER PRODUCE THE ORIGINAL FORMULA?

We plan to re-launch our original formula in the near future. Due to recent concerns, it may have to be sold as an "over 21" product.
