

**BETTER BEING CO. INTERNET MINIMUM ADVERTISED PRICE POLICY
FOR THE UNITED STATES
Effective Date: October 1, 2024**

1. Purpose and Introduction

Nutraceutical Corporation d/b/a Better Being Co. ("Better Being Co."), on behalf of itself and its related entities, has adopted this unilateral Internet Minimum Advertised Price Policy ("Policy"), which applies to all Authorized Retailers, Authorized Resellers, and Authorized Distributors of Better Being Co. products in the United States ("Sellers") within the brands identified below ("Covered Products"). This Policy is intended to help ensure that all Sellers who are headquartered in the United States, or who place and receive Covered Product orders in these territories, or who market Covered Products to end-user consumers located in the United States via the World Wide Web, mobile application, or internet (collectively, "Internet") do so effectively and that end-user consumers of the Covered Products receive appropriate support.

Better Being Co. greatly values the efforts of its Sellers to market and sell its products and support our mutual customers and end-user consumers. We are confident that you understand our commitment to customer satisfaction and our need to communicate this Policy clearly and concisely. This Policy may be terminated or changed by Better Being Co. at any time in its sole discretion.

This Policy supersedes all prior Better Being Co. policies and/or representations regarding minimum advertised prices or resale prices for Covered Products applicable to any Seller. To the extent that any provision, term, or agreement governing the relationship between Better Being Co. and any Seller may be construed in a manner that is inconsistent with the terms of this Policy, the terms of this Policy control.

2. The Internet Minimum Advertised Price and Item Table

Better Being Co. is solely responsible for establishing the Internet minimum advertised price ("IMAP") and communicating the IMAP to all Sellers. This Policy has been unilaterally adopted by Better Being Co., and it informs Sellers of a unilateral Better Being Co. business decision. Better Being Co. is not seeking and will not accept agreement from any Seller to comply with the Policy. It is entirely within the discretion of the Seller to comply or not comply.

All Better Being Co. products are subject to this Policy, which may be updated from time to time at Better Being Co.'s sole discretion. Sellers are responsible for ensuring they are aware of the latest IMAP pricing for all advertising of the Covered Products.

Better Being Co.'s IMAP for all Covered Products is identified on an individual SKU basis in the IMAP Item Table available at bit.ly/bbcomap which may be updated from time to time at Better Being Co.'s sole discretion. The Policy applies to Better Being Co. products or brands later introduced and also still applies when Better Being Co.'s suggested retail prices are changed.

3. Internet Advertising and Advertisements

The terms "advertising" and "advertisement" include all promotional or pricing information related to Covered Products displayed through the Internet or a mobile application, including, but not limited to:

- | | | | |
|---------------------|--|-----------------------------------|--|
| • Online newspapers | • websites | • mobile/smart phone applications | • sponsored links |
| • Online catalogs | • blogs | • banner ads | • ads in any other media in a digital format that is conveyed via the Internet |
| • Online magazines | • social media | • online product ads | • any communication of an advertised price accessible by a web crawler |
| • Online flyers | • affiliate marketing | • paid search ads | |
| • Online brochures | • networks/comparison shopping engines | • pay-per-click ads | |
| | • seller-initiated text messages or emails to customers or prospective customers | • display ads | |
| | | • mobile ads | |
| | | • product listing ads | |

The terms "advertising" and "advertisement" do not include:

- Advertising communicated via means other than the Internet or mobile applications, such as signage and other pricing information displayed within a brick-and-mortar selling location; and
- Pricing information displayed at the Final Online Checkout Stage of a transaction is not considered "advertising" under this Policy. The "Final Online Checkout Stage" is the stage when the Covered Product is put into an online shopping cart that contains the customer's name, shipping address, email address, and payment information. Pricing information in the Final Online Checkout Stage must be obscured technically so that it is not retrievable by shopping and pricing engines and not displayed on search page results within the Seller's own website.

4. Policy Violations and Permissible Promotions

Better Being Co.'s policy is not to do business with any Seller that advertises the Covered Products at advertised prices below the IMAP or in any other way that would violate this Policy. This Policy applies only to *advertised* prices on the Internet and not to the prices at which products are sold.

While Sellers remain free to advertise and sell all Covered Products at any advertised price they deem appropriate, it is a violation of this Policy for a Seller to list or advertise the Covered Product(s) at an advertised price lower than the IMAP. **Such listings or advertisements that violate this Policy include, but are not limited to, the following examples:**

- Offering coupons, discounts, rebates, or other inducements that, when applied, result in an advertised price lower than the IMAP, including through use of a website-wide sale, promotional code, or other similar provision that can be applied to Covered Products.
- Bundling Covered Products with other products or services (whether made by or provided by Better Being Co. or another entity) in a manner that implies below-IMAP pricing for the bundled product(s).
- Strikeouts or strikethroughs of advertised pricing information for the Covered Products, “see price in cart,” or other statements that suggest that a lower price for a Covered Product may be found at the Final Online Checkout Stage. Examples of such violations include “prices too low to mention,” or “our manufacturer won’t let us tell you the price,” “click here for lower price,” “add to shopping cart to see price,” “log-in for price,” “mouse over for price,” “call for price,” “email for a better Price,” or an IMAP strike-through.
- Permitting any third party to alter the advertised price for any Covered Product.
- Advertising a free bottle, two-for-one, free gift cards, services, or merchandise with the purchase of a Covered Product(s).
- Advertising in a foreign currency with current exchange rates resulting in advertised pricing below IMAP for the Covered Product(s).
- Sending an unsolicited email with an advertised price lower than the IMAP for the Covered Product(s).
- Direct or indirect attempts to circumvent this Policy.

Advertisements that do not violate this Policy include the following examples:

- Advertising “free shipping.” Further, the advertisement of a reduced-price shipping is not a violation of this Policy as long as such offer applies to all or almost all other products offered by a Seller in the same product category.
- That a customer may “call for price,” “text for price,” or “email for price” as long as no price is listed and no automated call, text message, or “bounce-back” email is used in response.
- Advertising without any prices.
- Featuring two or more Covered Products in the same ad, as long as the advertised price for each Covered Product is not below that Covered Product’s IMAP (or, if two Covered Products are advertised at a single bundled advertised price, the combined advertised price is not below the combined IMAP for the two Covered Products). Note that Covered Products may not be combined with products from other brands.
- Stating a price orally, either in person or by telephone.
- Responding to an individual customer email asking about a price.
- Advertising discounts attributable to “Subscribe and Save,” “Auto-ship and Save,” “Repeat Delivery,” or other subscription or auto-replenishment loyalty discount programs even if those discounts result in an advertised price below the IMAP.

5. This Policy Is Not An Agreement.

This Policy does not constitute an agreement between Better Being Co. and any other entity. Better Being Co. neither solicits nor will it accept any assurance of compliance with this Policy from any Seller or other party. Each Seller must independently choose whether to comply with the terms of this Policy. This Policy is not negotiable and will not be altered for any individual Seller. This Policy applies only to advertised prices and does not affect the prices that a Seller may charge for Covered Products.

6. IMAP Holidays.

From time to time, Better Being Co. may announce IMAP holidays or promotions that are applicable to all Sellers, during which periods a Seller that advertises a Covered Product in accordance with the terms of the authorized promotion will not be deemed to have violated this Policy. Better Being Co. will notify Sellers of any such authorized promotions, generally not fewer than 30 days in advance.

7. Non-compliance and Suspension Schedule

If Better Being Co. learns of a Seller's advertising that does not comply with IMAP, Better Being Co. will take the action listed in this Non-compliance and Suspension Schedule. These actions are not debatable or appealable and will not be changed based on a Seller's commitment regarding future practices. Better Being Co. will accept no assurance of compliance with this Policy from any Sellers or other party. Sellers should not communicate (to Better Being Co. or to other Sellers) their intentions regarding this Policy.

Better Being Co. will take the following actions against any Seller that fails to comply with this Policy with respect to the advertisement of any Covered Product:

1. For a Seller's first violation, Better Being Co. will notify the Seller in writing of such failure and Better Being Co. or the Authorized Distributor will immediately place the Seller's account on shipping hold for thirty (30) days for all Covered Products. Better Being Co. or the Authorized Distributor will revoke its acceptance of any pending orders, cancel any pending shipments to the Seller, and not accept any new orders from Seller during this 30-day period.
2. For a Seller's second violation during a 12-month period following the first violation, Better Being Co. will notify the Seller in writing of such failure and Better Being Co. or the Authorized Distributor will immediately place the Seller's account on shipping hold for ninety (90) days for all Covered Products. Better Being Co. or the Authorized Distributor will revoke its acceptance of any pending orders, cancel any pending shipments to the Seller, and not accept any new orders from Reseller during this 90-day period.
3. For a Seller's third violation during a 12-month period following the first violation, Better Being Co. or the Authorized Distributor will terminate its business relationship with the Seller. Better Being Co. or the Authorized Distributor will revoke its acceptance of any pending orders and cancel any pending shipments of the Covered Products to the Seller.

The Policy will be enforced by Better Being Co. in its sole discretion and with notice. Sellers have no right to enforce this Policy against other Sellers.

8. Policy Administration.

Better Being Co. may update, revise, suspend, terminate, reinstitute, or modify this Policy at any time in its sole discretion. Better Being Co. shall make any such modifications available to authorized Sellers. If Better Being Co. changes the IMAP on any Covered Product, it will endeavor to provide at least 14 days' notice to Sellers before such change takes effect.

No Better Being Co. employee or agent, including a sales representative, is authorized to modify, interpret, or grant exceptions to this Policy; solicit or obtain the agreement of any person to this Policy; or otherwise discuss any aspect of this Policy with any Seller, including that Seller's or any other Seller's compliance with the Policy.

The Better Being Co. IMAP Administrator is the only person authorized to communicate decisions regarding this Policy. Sellers with comments or questions may submit them in writing to mapadministrator@nutracorp.com.

9. Brands Covered Under This Policy:

The following brands, and any additional brands/products identified in the IMAP Item Table available at bit.ly/bbcomap if any, are covered under this Policy:

Action Labs	KAL	Organix South
AllOne	Life-Flo	Pioneer
bioAllers	LifeTime	Solaray
Body Gold	NatraBio	Theraneem (fka Theraneem
Dynamic Health	Natural Balance	Naturals)
Emerita by Life-Flo (fka	NaturalCare	Thompson
Emerita)	Natural Sport	Veglife
Herbs for Kids	Naturally Fresh (ZOLA	Vita Logic
Heritage Store	Naturals)	Zand
Honey Gardens	Nature's Life
