RE: Dr. Bronner's United States of America Minimum Resale Price (MRP) Policy for 32 Oz. Soap Products and Internet Minimum Advertised Price (IMAP) Policy for Select Dr. Bronner's Products

Dear Seller:

As you know, All-One-God-Faith, Inc. dba Dr. Bronner's has had a United States Minimum Resale Price Policy since 2022. We are excited to announce that we are updating from the Minimum Resale Price Policy to a new unilateral **United States of America Minimum Resale Price Policy for 32 Oz. Soap Products and Internet Minimum Advertised Price Policy for Select Dr. Bronner's Products** ("Policy"), effective **September 1, 2026**.

- **What's Staying the Same:** Our 32 oz. soap products continue to be considered "MRP Products," and compliance with the Policy requires any advertised and resale prices (both offline and online) of the MRP Products to be consistent with that portion of the Policy. You continue to be permitted to offer the same promotions for MRP Products as before (e.g., online discounts, subject to Section 5.G.; subscription programs, subject to Section 5.K.).
- **What's New:**
 - The Policy has been expanded to cover *online advertising* of select Dr. Bronner's products identified in the IMAP Schedule ("IMAP Products"). Compliance with the Policy requires any online advertised prices of IMAP Products to be consistent with that portion of the Policy.
 - We have also updated Section 7 by adding a written warning to the enforcement sequence.

A copy of the Policy is attached for your reference, along with the MRP Schedule and IMAP Schedule. ***If you are an Authorized Distributor of Dr. Bronner's products, please forward a copy of this notice, including the Policy and Schedules, to your reseller customers as soon as possible.***

Although it is your choice whether to follow the Policy, we reserve the right to take action in accordance with the Policy if you choose not to comply. Any questions about the Policy should be sent in writing to our Policy Administrator at mapadmin@drbronner.com.

Sincerely,

All-One-God-Faith, Inc. dba Dr. Bronner's

**DR. BRONNER'S UNITED STATES OF AMERICA MINIMUM RESALE PRICE POLICY FOR 32 OZ. SOAP PRODUCTS
AND INTERNET MINIMUM ADVERTISED PRICE POLICY FOR SELECT DR. BRONNER'S PRODUCTS**
Effective Date: August 1, 2022; Last Updated: September 1, 2026

1. Purpose

There are certain advertising and sales practices that undermine the reputation, brand, goodwill, and premium image of Dr. Bronner's products with our target consumer retail population and discourage our sellers from investing in our products and providing the best possible service and support to customers. To protect the integrity of our brand, All-One-God-Faith, Inc. dba Dr. Bronner's ("Dr. Bronner's," "we," or "our") is implementing this unilateral United States of America Minimum Resale Price Policy for 32 oz. Soap Products and Internet Minimum Advertised Price Policy for Select Dr. Bronner's Products ("Policy"), which applies to all third party authorized sellers of our products selling to end user consumers in the United States ("Sellers"). This Policy supersedes all of our prior policies or representations regarding minimum advertised prices or minimum resale prices for the Products (as defined below) applicable to Sellers.

2. Products Subject to This Policy

- This Policy applies to the advertised and resale prices of our products listed on the Dr. Bronner's Minimum Resale Price (MRP) Schedule ("MRP Products"), the current version of which is attached.
- This Policy also applies only to advertised prices of our products listed on the Dr. Bronner's Internet Minimum Advertised Price (IMAP) Schedule ("IMAP Products"), the current version of which is attached.
- MRP Products and IMAP Products shall collectively be referred to as "Products."
- The MRP and IMAP Schedules will be made available to all Sellers and may be changed by us at any time in our discretion at <https://info.drbronner.com/imap-and-mrp-upc-price-list/>. Sellers are responsible for reviewing the current MRP and IMAP Schedules, but we will work to promptly notify Sellers when updates are made to them.

3. The Minimum Resale Price and the Internet Minimum Advertised Price

- The "minimum resale price" or MRP is the lowest price at which the MRP Product may be advertised, offered for sale, or sold.
- The "internet minimum advertised price" or IMAP is the lowest price at which the IMAP Product may be advertised online.
- We are solely responsible for (1) establishing the MRP or IMAP for the Products and (2) communicating this Policy to all Sellers (including via directing any distributors to pass down this Policy to their resellers).
- This Policy does not establish maximum advertised or resale prices.
- While Sellers remain free to advertise and sell all of our products (including the Products) at any price, unless otherwise stated herein, it is a violation of this Policy for a Seller to (1) advertise or sell any MRP Product at a price lower than the MRP or (2) advertise online any IMAP Product at a price lower than the IMAP.

4. Applicability of This Policy

The following chart identifies the types of pricing information and advertising to which this Policy applies for the Products.

Display of Pricing Information	Definition	MRP Products (32 oz. Soaps)	IMAP Products
Actual Resale Price Charged to Consumer	The final price paid by the consumer for a Covered Product, inclusive of any discounts, promotions, coupons, rebates applied at the time of purchase, and exclusive of taxes and shipping charges.	✓	—
In-Store Pricing for Brick-and-Mortar Transaction	Means pricing displayed to consumers in a physical retail location, including, without limitation, shelf tags, in-store signage, point-of-sale displays, checkout pricing, and any other pricing displayed in, at, or near the point of purchase.	✓	—
Pre-Online Checkout Stage / In Cart	Means the stage of an online transaction after a Covered Product has been placed in the consumer's online shopping cart but before the consumer reaches the Final Online Checkout Stage.	✓	—
Final Online Checkout Stage	Means the stage of an online transaction at which the final purchase price of a Product is displayed to the consumer for purchase, typically after the Product has been placed in a shopping cart and the consumer has entered customer, shipping, and payment information. This stage is immediately before the consumer submits the order and authorizes payment.	✓	—
Online Advertising (including Advertised Prices)	Means pricing information or advertisements appearing on websites, online marketplace listings, blogs, social media platforms, affiliate marketing networks, comparison shopping engines, mobile applications, banner advertisements, online product advertisements, paid search advertisements, pay-per-click advertisements, display advertisements, mobile advertisements, product detail pages, sponsored links, and any other digital advertising, marketing, or promotional materials conveyed via the internet.	✓	✓
Offline Advertising	Means advertising, marketing, or promotional materials distributed through non-digital media, including, without limitation, newspapers, catalogs, magazines, flyers, brochures, television advertisements, radio advertisements, billboards, outdoor signage, and similar media.	✓	—

5. Policy Violations

Violations of this Policy include, but are not limited to:

- A. Advertising or reselling the MRP Products below the MRP or advertising the IMAP Products below the IMAP.
- B. Permitting any third-party to alter the advertised or resale price for any MRP Product or permitting any third-party to alter the advertised price for any IMAP Product.
- C. Direct or indirect attempts to circumvent this Policy.

It is not a violation to engage in the following, notwithstanding the prior prohibitions in Section 5:

- D. Customer-Initiated Solicitations for Price: That a customer may "call for price," "text for price," or "email for price," as long as no price is listed and no automated call, text message, or "bounce-back" email is used in response.
- E. Free/Reduced Price Shipping: A free or reduced-price shipping advertisement as long as such offer applies to all or almost all other products offered by the Seller in the same product category.

- F. Local Offline Promotional Deals and Offline Flyers for MRP Products: Coupons or in-store promotions which result in an MRP Product being advertised or sold at a price lower than the MRP, provided such coupons or promotions (1) are advertised only in the Seller's local market via print advertisements and not advertised via the internet or other electronic means; (2) cannot be combined with other promotional offers made by the Seller; (3) are limited in duration to one month or less (i.e. no more than 31 days) and are no more than ten weeks in duration in a calendar year; and (4) have an expiration date that is within one year from the first date of publication of the coupon or promotion.
- G. Applicability of Discount to Online Purchase: Coupons, promotions, or discounts which result in an MRP Product being advertised or sold at a price lower than the MRP, provided such coupons, promotions, or discounts (1) are advertised only in the Seller's own authorized website (per Dr. Bronner's U.S. Authorized Seller Program policies and other terms); (2) are not displayed in a manner that shows the amount of the coupon, promotion, or discount applicable to the MRP Product (including the application of it to the MRP Product); (3) are not displayed until the Final Online Checkout Stage (as defined above); and (4) are limited in duration to one month or less (i.e. no more than 31 days) and are no more than ten weeks in duration in a calendar year. This Section 5(G) is not in addition to any promotion eligible under Section 5(F) above; practices that do not violate this Policy in Sections 5(F) and 5(G) may run concurrently.
- a. For example, Seller X would like to run a 20% promotion on the MRP Products on Seller X's own ecommerce website. The promotion would take the MRP Products below their respective MRPs.
- i. It would be permissible under this Policy for Seller X to advertise on Seller X's website that the MRP Product is "on sale," eligible for a "discount," that a "discount will be applied during the transaction process," or words of similar meaning so long as (i) the amount of the discount and (ii) the application of the discount are not displayed until the Final Online Checkout Stage.
- ii. It would constitute a violation of this Policy for Seller X to advertise that the MRP Products are eligible for a "20% discount" at any point prior to the Final Online Checkout Stage. It would likewise be a violation for Seller X to apply the 20% discount to the MRP Products such that an advertised price lower than the MRP is displayed prior to the Final Online Checkout Stage.
- iii. For clarity, in this example, Seller X is entitled to a total of 10 weeks per calendar year for promotions under Sections 5(F) and 5(G), and such promotions may run concurrently.
- H. Non-Instantaneous Loyalty Rebate: Consumer loyalty programs that reward purchasers with a rebate, so long as the rebate does not occur during the sale process, such as an instant rebate.
- I. Bundling: Bundling of Products that results in pricing below the MRP (for the MRP Products) or below the IMAP (for the IMAP Products).
- J. Non-Conforming Product: Advertising or selling the MRP Products below the MRP or advertising the IMAP Products below the IMAP, provided that Dr. Bronner's, in its sole and absolute discretion, has affirmatively identified the Products as non-conforming and eligible for this exception. Non-conforming Products include, but are not limited to, short-dated, old molds, and misprinted labels.
- K. Auto-Ship Programs: "Subscribe and Save," "Auto-ship and Save," "Repeat Delivery," or other subscription or auto-replenishment loyalty discount programs which result in an MRP Product being advertised or sold at a price lower than the MRP or an IMAP Product being advertised lower than the IMAP, provided that such programs do not advertise a discount of more than five percent (5%) below the Product's MRP or IMAP (as applicable). The 5% discount applies to both the initial order and subsequent orders. For the initial order only, the 5% promotion can be combined with other promotions within this Section 5 without it constituting a violation of this Policy; any combination of promotions (even if authorized by this Section 5) with the 5% discount on *subsequent* orders will constitute a violation.

6. This Policy Is Not an Agreement and Is Non-Negotiable

This Policy is not an agreement between Dr. Bronner's and any other entity. We do not seek and will not accept any promise of compliance with this Policy from any Seller or other party, and each Seller must independently choose whether to comply with this Policy. **This Policy is not negotiable and will not be altered for any individual Seller.**

7. Noncompliance

We will take the following actions against any Seller that does not comply with this Policy:

First Violation:	Written warning. If the violation continues for seven days following receipt of the written warning, it shall become a second violation.
Second Violation:	Written warning and a 30-day shipping hold. This means that we (or the supplying distributor) will revoke our acceptance of any pending orders, cancel any pending shipments to you, and not accept any new orders from you during this 30-day period.
Third and Final Violation:	Termination of business relationship and revocation of "authorized" status. We (or the supplying distributor) will revoke our acceptance of any pending orders and cancel any pending shipments to you. You will no longer be an "authorized" Seller of our products.

We will enforce this Policy in our sole discretion and without notice. Sellers have no right to enforce this Policy.

8. Policy Administration

We may update, revise, suspend, or otherwise modify this Policy at any time in our discretion, and any modifications will be made available to all Sellers.

Please note that our employees or agents cannot modify, interpret, waive, or grant any exceptions to this Policy; cannot solicit or obtain the agreement of any person or entity to comply with this Policy; and cannot otherwise discuss any aspect of this Policy with any Seller, including any Seller's compliance with the terms.

Any questions about this Policy should be sent in writing to our Policy Administrator at Mapadmin@drbronner.com. We will not accept any other form of communication from Sellers regarding this Policy.
