

HONEST®

Minimum Advertised Price Policy

INTRODUCTION

Effective as of June 3rd 2025, The Honest Company, Inc. (“Honest”) has adopted the following Minimum Advertised Price (“MAP”) Policy (“MAPP”) applicable to all Honest distributors, dealers and resellers located in the United States (collectively, the “Resellers”).

Honest’s strategy for promoting its brand relies heavily on its presentation as a premium, trusted and effective lifestyle offering. Honest has determined that adoption of this MAPP is a necessary component of its strategy to ensure that Honest products are supported with aggressive marketing, prominent merchandising and product displays, high quality pre-sale and post-sale customer service, customer education and sufficient product inventories to service adequately the local demand.

This MAPP is unilateral and applies to all Honest Resellers.

This MAPP applies to all products and accessories distributed by Honest (the “Covered Products”).

This MAPP may be modified by Honest at any time, in its sole discretion.

THE POLICY

The MAP for all Covered Products is set forth on Appendix A annexed hereto. Advertising a price below the MAP for a Covered Product is a violation of this MAPP.

This MAPP applies to the advertisement of Covered Products in any and all media, including, without limitation, flyers, posters, coupons, direct mailers, brochures, inserts, newspapers, magazines, catalogs, mail-order catalogs, public signage (including signs within a store visible from outside the store), other print media, email newsletters, email solicitations, online websites, social media sites or applications, television and radio. Website features such as “Click for price,” automated “bounce – back” pricing e-mails, pre-formatted e-mail responses, forms, automatic price display for any items prior to being placed in a customer’s online shopping cart, and other similar features, constitute “advertising” under this MAPP.

Permitted advertising under this MAPP includes: using online shopping-cart technology in which the discounted price cannot be displayed as a search-engine result or shown to the general public without adding the product to a customer’s shopping cart, using language such as “see price in cart” or “add to cart for lower price”; advertising that instructs a customer to “call for price” or “email for price” or other similar language, so long as no price is listed and the response to such requests is not automated; and in-store advertising (unless it is visible from outside the store) or direct promotions to pre-existing customers.

This MAPP also applies to any activity that Honest determines, in its sole discretion, is intended to circumvent the intent of this MAPP.

HONEST®

MAPP EXCEPTIONS

Exceptions to the MAPP are as follows:

- Honest may advertise prices below the MAP for Covered Products that are purchased on www.honest.com through Honest's subscription bundling program and promotional discounts offered to its Honest.com members.
- Resellers may advertise discounts up to **20% below MAP** for pre-approved category-wide, website-wide and family brand promotions that are not exclusive to Covered Products.
- Resellers may advertise free shipping to provide a discounted total price.
- Resellers may advertise cash discount promotions to customers paying in cash or using a debit card.
- Resellers may advertise discounts up to **30% below the MAP** for pre-approved flash sales that last **no longer than 7 days**.
- Resellers may advertise discounts below the MAP for Covered Products that Honest has announced will be discontinued, provided that all such advertisements indicate the differentiation from current products (e.g., "discontinued style").
- Resellers may advertise discounts below the MAP for pre-approved new store grand openings for a period of up to 7 days after the grand opening date.
- Resellers may advertise pre-approved discounts on recognized holidays, provided such advertisements begin no earlier than 7 calendar days before the applicable holiday and end no later than midnight on such holiday.

VIOLATIONS

In the event that a Reseller violates this MAPP, Honest may send notice to Reseller and suspend sales to Reseller of the Covered Product(s) sold in violation of this MAPP and take other actions in its sole discretion as set forth in the table below.

	First Violation	Second Violation	Third Violation	Fourth Violation
<i>Violation Type</i>	1st violation of MAPP	Uncured 1st violation or 2nd violation within 12-month period	Uncured 2nd violation or 3rd violation within 12-month period	Uncured 3rd violation or 4th violation within 12-month period
<i>Sales Suspension Period</i>	7 days after notice	30 days after notice	90 days after notice	365 days after notice
<i>Other</i>	No trade funds for violating product(s) during Suspension Period	No trade funds for violating product(s) during Suspension Period	No trade funds for violating product(s) during Suspension Period	No trade funds for violating product(s) during Suspension Period

HONEST®

NO AGREEMENT

Honest is not seeking and this MAPP does not constitute an agreement between Honest and any Reseller. Compliance with this MAPP is at the sole discretion of the Reseller.

Resellers are free to determine independently the price at which Honest products are advertised or sold. This MAPP is confidential. Disclosure by Reseller of the terms of this MAPP to any third party will constitute a violation of this MAPP and may result in the suspension of sales to Reseller.

Honest sales representatives are NOT permitted to discuss this MAPP or make any agreements or assurances with respect to this MAPP.

Please direct all questions related to this MAPP to: Brendan Sheehey, Senior Vice President and General Counsel, at bsheehey@thehonestcompany.com.
