**MARCH 15, 2016**

Subject: Zevia Compliance to Vermont's "Act 120" – GMO Labeling Law

To Whom It May Concern:

The purpose of this letter is to inform consumers, retailers, distributors and any other Zevia stakeholders as to how Zevia intends to comply with the new GMO labeling requirements in Vermont, known as Act 120.

**Zevia is exempt from the labeling requirements of Act 120, pursuant to 9 V.S.A. § 3044(6), due to the fact that all of our formulations have been Verified through the Non-GMO Project. Therefore, no changes are necessary to the packaging labels for Zevia products.**

We plan on continuing - for the foreseeable future - our brand's requirement to verify all current and future formulations using an independent organization authorized by Vermont's Attorney General, pursuant to 9 V.S.A. § 3044(6) and CP 121.03(f)(ii), to provide verification that a food has not been knowingly or intentionally produced from or commingled with food or seed produced with genetic engineering. For reference, on December 17, 2015, the Vermont Office of Attorney General publicly announced that they had authorized two organizations – The Non-GMO Project, and NSF International (True North Standard) – to provide such verifications.

For questions or concerns, please contact me at 310-202-7000, extension 225.

Thank you,

*Hank Margolis*
